June 21, 2018

ASA Indiana Chapter Members,

We are excited about many developments in our chapter over the past year, and look forward to chapter plans for the next year!

Recent Happenings

Chris Hirschfeld, ASA, has served as chapter president for the past two years. As Immediate Past President, he will represent our chapter at the 2018 International Appraisers Conference in October. Chris is also continuing to serve on the board as Secretary. Thank you Chris!

We have completed the update of our ASA Indiana website under the leadership of chapter Vice President Tim Roy, ASA. We look forward to using the website more efficiently for member communications and public presentation of our chapter in the future. Member information is updated quarterly from the ASA national office. If you find any inaccurate information, please update your profile with ASA national, and it will be corrected on our chapter website at the next website update.

We will begin posting the minutes of chapter officer's meetings on the chapter website under the "Events and News" tab. Please review the minutes of the June Officer's Meeting and respond with any questions or suggestions.
